Use Google Chrome for this procedure. It did not work on my Internet Explorer 9.
1) Click on team or Volunteer Registration
2) Complete all required information.
3) After answering the CAPTCHA click on Register.
4) Click on Sign in and provide your email and password from the email you received from info@uscypberpatriot.org
5) After signing into www.uscyberpatriot.org click on Create Team
6) Select the best description of your site. Most will select Middle School or Public High School.

7) I recommend creating names that can’t be ranked in nature. Avoid using A, B, C or 1, 2, 3.
8) Complete all remaining required information.

9) Select Not Applicable.

10) This is typically your site administrator. Please notify this person to look for an email from info@uscyberpatriot.org so they can verify you quickly.

11) Click on submit.
12) Click OK.
Waiver Requested is a paid team.

Not Available means that your team has not been verified by the person whose name and email you gave. Make sure they know to look for this important email from info@uscypberpatriot.org that might be in their junk mail folder.
